Cities and Urban Life
This textbook provides a survey of sociology. As the scientific study of society, sociology is a social science which uses various methods of empirical investigation and critical analysis to develop a body of knowledge about human social activity. It focuses on the influence of our relationships around us and how they affect our behaviors and attitudes. The author approaches this subject with a desire to help students find and use sociology in everyday life.

Introduction to Criminology
A down-to-earth approach that demonstrates the connection between the individual and society. Down-to-earth sociology means using sociological perspectives to examine everyday life, and seeing the connection between the individual and society. Through a balance of comprehensiveness and brevity, this text provides students with a clear presentation of the four key theoretical perspectives, and then applies those perspectives in a variety of examples and exercises, in order to bring sociology home for students. Note: MySocLab is not included with the purchase of this product.

Introduction to Sociology 2e
A latest edition of readings for the Introductory Sociology college market features thirty percent new articles that address current issues of contemporary sociology, from gender and politics to religion and AIDS, in a collection complemented by correlating charts that list key introductory textbooks. Original. 20,000 first printing.

SOCIODY MATTERS
Introduction to Sociology 2e adheres to the scope and sequence of a typical, one-semester introductory sociology course. It offers comprehensive coverage of core concepts, foundational scholars, and emerging theories, which are supported by a wealth of engaging learning materials. The textbook presents detailed section reviews with rich questions, discussions that help students apply their knowledge, and features that draw learners into the discipline in meaningful ways. The second edition retains the book's conceptual organization, aligning to most courses, and has been significantly updated to reflect the latest research and provide examples most relevant to today's students. In order to help instructors transition to the revised version, the 2e changes are described within the preface. The images in this textbook are grayscale. Authors include: Heather Griffiths, Nathan Keirns, Eric Strayer, Susan Cody-Rydzewski, Gail Scaramuzzo, Tommy Sadler, Sally Vyain, Jeff Bry, Faye Jones
Social Problems

This best-selling comprehensive book conveys the relevance of sociology by presenting a timely collection of theories, research, and examples -- including its signature first-person accounts that open many chapters. These lived experiences are relevant to students and introduce themes that provide a framework for learning the chapter material. Kendall's vivid and inviting writing style, emphasis on applications, and eye for compelling current examples further highlight sociology's relevance to all students. Now in its eleventh edition, SOCIOLOGY IN OUR TIMES is acclaimed for being the first textbook to integrate race, class, and gender issues, and for its thorough presentation of sociological theory, including contemporary perspectives such as feminism and postmodernism. This edition focuses more on social/global change and on the contemporary world, presenting such current debates as bullying and social media abuse, digital-age methods to increase school attendance, food trucks and the spread of culture, modern slavery, and weight bias. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Sociology

The most thorough major academic textbook available, this classic text presents the most important research studies in the field. The author also integrates engaging first-person accounts from patients, physicians, and other health care providers throughout the text. A much greater number of first person accounts and updated examples are added to the new fourteenth edition. Other updates include: • Coverage of Zika, Ebola, MERS, and updates on other pandemics • Expanded discussion of obesity as a disease • Coverage of the widening gap in life expectancy between the rich and the poor • New information on the decline of life expectancy among American white women, especially those who live in rural counties • New material on biomarkers, gene–environment interaction, and stress • Analysis of the role of the hidden curriculum in medical schools • Exiting the Affordable Care Act

Racial and Ethnic Groups

SAGE Readings for Introductory Sociology is a concise, affordable anthology that contains 22 popular sociology statements designed to introduce readers to the sociological perspective. Kimberly McGann puts together readings that cover core topics in sociology, including culture, socialization, interaction, deviance, gender, class, and race. An alternate, topical table of contents suggests ways to match readings to other subfields in sociology (like family, education, work, and religion), and identifies readings that reflect four theoretical traditions: functionalism, symbolic interactionism, conflict theory, and feminism.

This introductory text, written from a conflict perspective, emphasizes four themes: diversity, the struggle by the powerless to achieve social justice, the changing economy, and globalization. In Conflict and Order: Understanding Society studies the forces that lead to stability and change in society and asks: Who benefits from the existing social arrangements, and who does not? How are human beings shaped by society? What are the forces that maintain social stability, produce social inequality, and resist social change? Teaching & Learning Experience This program will provide a better teaching and learning experience--for you and your students. Here's how: Personalize Learning - MySearchLab
delivers proven results in helping students succeed, provides engaging experiences that personalize learning, and comes from a trusted partner with educational expertise and a deep commitment to helping students and instructors achieve their goals. Sociology in Modules

Sociology Drawing on studies of social class, crime and deviance, education, work in bureaucracies and changes in religious and political organizations, this Very Short Introduction explores the tension between the individual's place in society and society's role in shaping the individual, and demonstrates the value of sociology for understanding the modern world. In this new edition Steve Bruce discusses the continuing arguments for social egalitarianism, considering issues such as gay marriage, women in combat roles, and the 2010 Equality Act to debunk contemporary arguments against parity. As gender divisions are increasingly questioned he looks ahead to the likely consequences of this for society. Delving into the theory of sociology, Bruce also argues that the habit of dividing sociology into apparently competing 'sects' is misleading, and shows how a new understanding of the disciplinary background of many of the most famous theorists, which shows that much social theory is actually philosophy or literary theory, will prove useful to today's sociologists. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

Sociology in Our Times A new edition of a popular college reference features thirty percent new articles addressing current issues of contemporary sociology, from politics and religion to crime and poverty, in a volume that links each article to related chapters in widely used introductory textbooks. Original. 35,000 first printing.

Outlines and Highlights for Sociology of Deviant Behavior, 14th Edition by Marshall Clinard, Isbn Viewing our society from a conflict perspective. Taking a conflict approach, Social Problems, 13e examines social problems, how they are interrelated to other problems, and society's role in their creation and perpetuation. This text addresses interesting subjects, such as corporate crime, urban decay, poverty and the changing economy. The thirteenth edition focuses more deliberately on five major themes: the structural sources of social problems; the role of the United States in global social problems; the centrality of class, race, gender, sexuality, and disability as sources of division, inequality, and injustice; the critical examination of society; and solutions to social problems. MySocLab is an integral part of the Eitzan / Zinn / Smith program. Key learning applications include MySocLab Videos, Social Explorer and Sociology in Focus Blog. Teaching & Learning Experience Personalize Learning - MySocLab is an online homework, tutorial, and assessment program. It helps students prepare for class and instructor gauge individual and class performance. Improve Critical Thinking - Chapter organization follows a logical framework that traces a problem from its origin to solution. Engage Students - International, national, and personal examples help students understand issues better. Explore Theory - Major sociological theories within context of social problem are

Sociology: A Very Short Introduction The textbook and readings that teach students how issues in our global society connect to their own lives.

Sociology of Deviant Behavior Are you studying for an A-Level in Law? Are you thinking about reading Law or a related subject at university? Or maybe you already have a place at Law School? If you answered 'yes' to any of the above or if you have a general interest in how the Law works, Law Made Simple is the perfect introduction to this huge and complex subject. Covering all the foundation subjects, Contract, Torts, Land, Trusts, Criminal, Public and EU Law as well as an introduction to the personnel and mechanisms that make up the English Legal System, Law Made Simple will offer you a clear and concise introduction to both the legislation and case law relating to all the major topics. This 13th edition now includes a brand new chapter on Public Law and Human Rights, a completely revised and updated chapter on Sources of Law and has been fully updated to take into account developments across the curriculum such as the ratification of the Lisbon Treaty; the Supreme Court and the Ministry of Justice; the Legal Services Act 2007; and the Fixed Term Parliaments Act 2011.

Sociology This best-selling text emphasizes that social and cultural changes are the pervasive realities of our era. One of the main themes of Contemporary Society is that the transition from an industrial to a post-industrial order in the modern world is fraught with difficulties, as was the transition from an agricultural to an industrial order in an earlier era. Within this framework, we can observe the increasing fragmentation of the social order, which tends to lead people away from community and a common purpose and often invites conflict and disunity. At the same time, countervailing social forces are also at work, providing some stability, some shelter in the storm. Finally, societies are faced with the rapid and transformative power of information technology, a fact that propels separate groups of people into a global entity.

Law Made Simple With an entire discipline devoted to political science, what is distinctive about political sociology? This concise book explains what a sociological perspective brings to our understanding of the emergence, reproduction, and transformation of different forms of political order. Crucially, political sociology expands the field of view to the politics that happen in other social settings – in the family, at work, in civic associations – as well as the ways in which social attributes such as class, religion, age, race, and gender shape patterns of political participation and the distribution of political power. Political sociology grapples with these issues across an enormous range of historical and geographic settings, from the intimate relations that constitute family politics to the geo-political scales of war and trade. It requires an analytic toolkit that includes concepts of power, social closure, civil society, and modes of political action. Using these central concepts, What is Political Sociology? discusses the major forms of political order (states, empires, and nation-states),
processes of regime formation and revolution, the social bases for political participation, policy formation as well as feedbacks, and the possibilities for new forms of transnational politics. In sum, the book offers an insightful introduction to this core perspective on social life.

Medical Sociology Presents a controversial history of violence which argues that today's world is the most peaceful time in human existence, drawing on psychological insights into intrinsic values that are causing people to condemn violence as an acceptable measure.

Down to Earth Sociology: 14th Edition Introduction to Criminology, Why Do They Do It?, Second Edition, by Pamela J. Schram Stephen G. Tibbetts, offers a contemporary and integrated discussion of the key theories that help us understand crime in the 21st century. With a focus on why offenders commit crimes, this bestseller skillfully engages students with real-world cases and examples to help students explore the fundamentals of criminology. To better align with how instructors actually teach this course, coverage of violent and property crimes has been integrated into the theory chapters, so students can clearly understand the application of theory to criminal behavior. Unlike other introductory criminology textbooks, the Second Edition discusses issues of diversity in each chapter and covers many contemporary topics that are not well represented in other texts, such as feminist criminology, cybercrime, hate crimes, white-collar crime, homeland security, and identity theft. Transnational comparisons regarding crime rates and the methods other countries use to deal with crime make this edition the most universal to date and a perfect companion for those wanting to learn about criminology in context.

Sociology "A comprehensive introduction to urban sociology" "Cities and Urban Life," written by two of the best-known authors in the field, provides a comprehensive introduction to urban sociology, urban anthropology and urban studies. The focus of the text is sociological, but it also incorporates research and theory from other disciplines. Learning Goals Upon completing this book, readers will be able to: Understand how cities and urban life vary according to time and place Understand how cities reflect society and culture Use a global perspective to explore urban sociology Explore how cities reflect the human condition Note: MySearchLab with eText does not come automatically packaged with this text. To purchase MySearchLab, please visit: www.mysearchlab.com or you can purchase a valuepack of the text + MySearchLab (at no additional cost): ValuePack ISBN-10: 0205902588 / ValuePack ISBN-13: 9780205902583

Down to Earth Sociology Follows one young man from his impoverished childhood with a crack-addicted mother, through his discovery of the sport of football, to his rise to become one of the most successful, highly-paid players in the NFL.

What is Political Sociology? Like its predecessors, the tenth edition of this text reflects Rick Schaefer's mission to bring readers a comprehensive, up-to-date presentation that teaches them how to think critically about society and their own lives from a wide range of classical and contemporary perspectives. Combining balanced coverage of theory with current research findings, distinctive social policy sections, examples of interest to students, and abundant learning aids and exercises, this text will help students develop a sociological imagination. "The introductory sociology class provides the ideal laboratory in which to study our own society and those of our global neighbors. The distinctive emphasis on social policy found in this text shows students how to use the sociological imagination in examining such public policy issues as sexual harassment, the AIDS crisis, welfare reform, the death penalty, and privacy and censorship in an electronic age." Richard T. Schaefer

Contemporary Society Utilizing a complete theoretical framework and a global perspective, REVEL for "Society: The Basics," Thirteenth Edition offers students an accessible and relevant introduction to sociology. John Macionis, author of the best-selling Introductory Sociology franchise over the last
three decades, empowers students to see the world around them through a sociological lens, helping them to better understand their own lives. Society Revel Access Code For thirty-five years and through thirteen editions, Jim Henslin's Down to Earth Sociology has opened new windows onto the social realities that shape our world. Now in its fourteenth edition, the most popular anthology in sociology includes new articles on our changing world while also retaining its classic must-read essays. Focusing on social interaction in everyday life, the forty-six selections bring students face-to-face with the twin projects of contemporary sociology: understanding the individual's experience of society and analyzing social structure. The fourteenth edition's exceptional new readings include selections on the role of sympathy in everyday life, mistaken perceptions of the American family, the effects of a criminal record on getting a job, and the major social trends affecting our future. Together with these essential new articles, the selections by Peter Berger, Herbert Gans, Erving Goffman, Donna Eder, Zella Luria, C. Wright Mills, Deborah Tannen, Barrie Thorne, Sidney Katz, Philip Zimbardo, and many others provide firsthand reporting that gives students a sense of "being there." Henslin also explains basic methods of social research, providing insight into how sociologists explore the social world. The selections in Down to Earth Sociology highlight the most significant themes of contemporary sociology, ranging from the sociology of gender, power, politics, and religion to the contemporary crises of racial tension, crime, rape, poverty, and homelessness.

Simpson's Forensic Medicine, 14th Edition For upper-division undergraduate/beginning graduate-level courses in Medical Sociology, and for Behavioral Science courses in schools of Public Health, Medicine, Pharmacy, and Nursing. A comprehensive overview of the most current issues in medical sociology. The standard text in the field, Medical Sociology presents the discipline's most recent and relevant ideas, concepts, themes, issues, debates, and research findings. To draw students into the course, author Dr. William Cockerham integrates engaging first-person accounts from patients, physicians, and other health care providers throughout the text. The Thirteenth Edition addresses the current changes stemming from health care reform in the United States, and other issues that reflect the focus of the field today.

Essentials of Sociology For courses in Introductory Sociology Change the way your students see the world In Revel(TM) Society: The Basics, author John Macionis empowers your students to change the way they view the world by showing them how to see sociology in everyday life. Throughout this brief text, Macionis takes an enlightening and practical approach to the traditional three-perspectives approach, guiding students step by step through the theories and research that make up the discipline. By challenging the way they think about both their own lives and society as a whole, Macionis helps students achieve a better understanding of the world we all share. Available for Fall 2020 classes, the Digital Update offers fresh interactives and Current Event Bulletins and updated data throughout. Revel is Pearson's newest way of delivering our respected content. Fully digital and highly engaging, Revel replaces the textbook and gives students everything they need for the course. NOTE: Revel is a fully digital delivery of Pearson content. This ISBN is for the standalone Revel access card. In addition to this access card, you will need a course invite link, provided by your instructor, to register for and use Revel.

**An Introduction to Sociology**

Three basic premises guide this highly successful introductory text - first that theory and research must be both comprehensive and clear, second that the text must show how sociology is relevant both to the study of society and to students' lives and third that sociology can play a valuable role in teaching critical thinking skills. To that end, this solid, well respected text combines a balanced three-perspective approach with excellent student oriented examples, and distinctive social policy sections in a concise presentation that offers an alternative to full length books.

**The Better Angels of Our Nature**

SAGE Readings for Introductory Sociology Prestigious and authoritative, this fully updated fourteenth edition of Simpson's Forensic Medicine remains a classic; one of the world's leading introductory texts in the field of forensic medicine. It presents all that the generalist or student needs to know about the interface between medicine and the law.
